Energy Policy

Energy Policy

ENERGY and its efficient use is of paramount importance to the WALDNER Group, comprising WALDNER Holding GmbH & CO. KG, Hermann WALDNER GmbH & Co. KG, WALDNER Laboreinrichtungen GmbH & CO. KG, Hohenloher Spezialmöbelwerk Schaffitzel GmbH + Co. KG and Ilmenauer Systemeinrichtungen GmbH + Co. KG. It represents one of the basic principles of our successful business operations.

The publication of this Energy Policy underlines the determination of the Management and all members of staff to deal responsibly with energy. Our decisions are based on the aim of fulfilling the demands placed on us. We also commit to ensure that all our business activities comply with the applicable law and all other relevant requirements, to provide all information and resources required and also improve our energy-related performance.

The WALDNER Group also sets annual energy targets to improve our energy-related performance.

Our work is based on the globally accepted standard ISO 50001. We are inspected and certified annually by an independent centre to ensure that we meet international standards.

This Energy Policy applies to all members of staff of the WALDNER Group as a mandatory guideline for safe, conscious and responsible conduct.
